COACH CHANGES

All new hires begin in our Preschool program as part of their training process. Our staff are cross-trained across all programs and start at Level 1 training, continuing through Levels 2 and 3, up to our highest certification, Level 4.

You may occasionally notice a change in your child's coach due to scheduling needs, school commitments, or staff availability. Our education and training system helps ensure consistent coaching quality across all classes and age groups.

We strive to provide the best possible experience for every child and appreciate your understanding and flexibility.

Have positive feedback on your experience? Leave us a review! If you have a negative experience, tell a manager.
